# **ROSCO toolbox**

***Release v2.3.0***

**ROSCO developers**

**Oct 13, 2021**

**CONTENTS**

<b>1</b>	<b>DEPRECIATED!</b>	<b>1</b>
----------	---------------------	----------

## DEPRECIATED!

As of version 2.4.0, the ROSCO toolbox has been combined with the ROSCO git repository here: <https://github.com/NREL/ROSCO>

The updated documentation lives here: <https://rosco.readthedocs.io/>

Please use the combined tool-set going forward. All functionalities of the ROSCO toolbox still preserved (and expanded!), just a slight code restructure was in order. Thank you for understanding, and we hope this does not cause any significant inconvenience.
